

ARIZONA - WHITE STALLION RANCH

ITINERARY

The nearest airport is Tucson International Airport, which is 40 minutes by road from the ranch. Transfers to and from the airport are included in the rate when you stay for four or more nights. Otherwise transfers can be arranged for you at additional cost.

Transfers from hotels in Tucson are also included for stays of four nights or more.

Phoenix is approximately a one and a half hour drive to the ranch. There is a local shuttle bus company ('Arizona Shuttle'), which runs between Phoenix and Tucson and we can then arrange transfers for you from Twin Peaks (9633 N Tiffany Loop, Tucson). For more information on timetables and tickets see: www.arizonashuttle.com

If you prefer to self-drive, we will provide you with directions.

If you wish to ride on your first day, you should arrive at the ranch by 1pm for the ride safety briefing and the ride departing at 2:15pm.

There is no set itinerary at the ranch, however the daily pattern is normally as follows; the first ride starting in the morning (around 07:00 in summer months and around 08:30/09:00 in winter/spring) followed then by further rides going out at around 11:00, 14:00 and 16:00. Typically rides go out four times a day, lessons start from 10:30 and on Monday, Wednesday and on Friday Team Penning is arranged in the arena.

The riding is flexible and the only arrangement you make on the evening prior is to book your first ride of the day, so the wranglers know how many horses to tack up. From then onwards during the day you can do as little or as much as you like.

Your email address will be provided to the ranch prior to your arrival. When you check-in, you will then receive an automatic email with a private link to log in to the app. From the app you are able to book your activities. If you would prefer, the front desk is also able to assist with this.

Riding is offered six days of the week: mountain rides, slow walking rides, faster lope rides, beer and cheetos rides (adults only), sunset rides and all day rides, as well as informal instruction periods (extra charge applies –payable locally). Sunday is the horses' day off!

Weekly rodeos and hayrides are also part of the programme.

The ranch has a warm, welcoming atmosphere which will make you feel at home. Guest rooms are spacious and charming and situated throughout the ranch. Every room has a private patio and views of the cactus gardens or mountains. Some are close to the corrals so that you may wake up to friendly faces looking over the fence!

There are 41 authentically decorated en-suite rooms at White Stallion, which are fully air-conditioned. Some suites have fireplaces and Jacuzzi bath tubs.

The newly renovated Family Suite has two separate bedrooms and is perfect for families or groups of friends travelling together.

For larger groups or families, the Hacienda is a self-contained house with four bedrooms and three bathrooms. The house also features a spacious living area, kitchen and dining area.
