

GREENLAND - GLACIERS AND FJORDS - GLACIER TOUR

ITINERARY

Day 1

Return boat transfers are included at set times from Narsarsuaq.

The arrival transfer will depart Narsarsuaq after the last flight has arrived (c.19:30). If all guests are on an earlier flight, the transfer will be brought forward. The return transfer will leave the farm early morning to cater for guests booked on early flights.

We recommend flights with Air Greenland from Copenhagen.

On arrival at the village of Qassiarsuk a team-member of Riding Greenland will welcome you. Your luggage will be driven to Riding Greenland Hostel and you will be given directions to walk to the hostel - the harbour is very close to the hostel.

A team-member of Riding Greenland will show you to your room upon arrival to the hostel and you will be informed what time dinner will be served.

This is a exploratory ride, so during this tour the guides will try and find the best route. Participants need to be aware that the following itinerary is likely to change. Sometimes riders may need to dismount and walk for a while and the pace of the ride may be limited.

There are seven guest rooms at the Riding Greenland hostel, six have single beds and one has a double bed.

Ablutions are shared – there are four showers and five loos. There is a communal dining/living/kitchen area.

The guesthouse is located close to Viking ruins, a local store and a small café.

Day 2

After breakfast, head out to meet the horses. After an introduction, the guides will match guests with their horses.

The ride will start from Qassiarsuk and you will pass a farm that is located above the hostel and move on to the mountains off-road towards another farm called Qorlortup Itinnera. You then we start riding down the mountain to a third farm called Qorlortoq where you end the ride for the day.

The ride of the day will be around 12km long. The guides will fence the horses and when finished another guide will come on a buggy and pick the group up to drive you back to the hostel.

Day 3

Today you have the same morning-procedure and start the ride with passing by the farm Qorlortoq up the mountain and ride through the area called Paradise that is located 600m up the mountain.

The horses will be fenced there and the group will be brought back to the hostel. The ride of the day will be around 15km long.

Day 4

Same morning-procedure and start the ride at the end of the dirt-road. Head to the glacier and after a break by the glacier ride back to the end of the road.

The ride of the day will be around 20km long. The group will be driven back to the hostel. Dinner and overnight at the hostel.

Day 5

The morning will start off the same way and you start the ride from the end of the road and follow the dirt road all the way back to Qassiarsuk.

The ride of the day will be around 20km long. Dinner and overnight at the hostel.

Day 6

After breakfast this morning, walk to the harbour for your transfer back to Narsarsuaq. Your luggage will be driven from the guesthouse to the harbour.
