

Lodge Stay, Kenya

Itinerary

Your daily itinerary at Ol Donyo Lodge will be tailored to your wishes and needs.

Most combinations of riding, game drives and bush walks are possible. This personal service keeps everyone entertained from the youngest to the oldest, the fittest to those most in need of a good rest.

Experienced riders (after an initial riding assessment in the arena) normally join long morning rides of about four hours, perhaps with brunch or sometimes a picnic lunch.

A second ride in the afternoon may be possible but depends on the mix of riders staying at the lodge. This is because the afternoon rides are normally shorter to accommodate more novice riders who may be taken by vehicle to meet their horse on the plains away from possible elephant encounters.

If you have had a long morning ride, then in the afternoon you could spend a fascinating couple of hours at the hide by the water hole just below the

lodge getting incredibly close to the animals coming to drink.

You may also want to join one of the other non-riding activities available.
