

SOUTH AFRICA - ANT'S LODGES - ANT'S NEST

ITINERARY

Ant's Nest

The typical daily itinerary at Ant's Nest is a morning ride returning to the lodge for lunch and later an afternoon ride or activity. The itinerary is flexible to suit those staying and also taking into account the weather and whether anything is happening with the animals (such as a game capture or release). There are normally always game drives, bush walks as well as rides available.

Over dinner you discuss with your guide or the lodge manager the activities you would like to take part in the following day.
